Easter Joy

We want to wish all of our residents a happy Easter! We hope you and your loved ones have a joyous holiday.

Attention, Skygazers

Venus will light up the night sky and put on its most brilliant show of the year on April 27. Look to the west about an hour after sunset to see the planet, nicknamed the "evening star," rise, and it will shine at its brightest. Astronomers say Venus will be impossible to miss, even without a telescope.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
