Friday, Noon-3 p.m.: Local Doctor Appts.

Six Feet Apart, but Close to the Heart

Our Volunteers Rock

Muriel Bergeman is one of our busiest volunteers. She stays busy decorating the seasonal tree in the Activity Center with her friends. Christmas decorations and lights give way to Valentine's Day red roses and gold Cupids. Next comes the shamrocks and Leprechauns for St. Patrick's Day, and then the beautiful spring flowers for Easter and Mother's Day. Memorial Day brings out the red, white, and blue decorations. Muriel coordinates the Atrium decorations with the season, too.

When she is not decorating, she is an avid gardener. Each day sees her in the Gazebo Garden watering, weeding, tying plants, or making identification tags. She invites all who are interested to join her. Several residents enjoyed seeing the baby bunnies from the family that called our garden home.

Thanks for everything you do, Muriel. We are lucky to have you here!
