## **ABOUT WALTONWOOD ASHBURN**

Waltonwood Ashburn is currently under construction and plans to open in the late 2017. The boutique community will feature 114 independent living apartment homes, 72 assisted living apartments and 27 memory care apartments (mix of private studios, one- and two-bedroom) for up to 270 residents. Located in Northern Virginia just minutes from the Potomac River and about 45 minutes from Washington D.C., the 287,000-square-foot community will sit on 14.5 acres. At Waltonwood Ashburn, residents have the opportunity to enjoy a worry- and maintenance-free life filled with friends and all the luxury amenities they deserve.

In 1973, Gurmale Singh Grewal, along with his brothers Lushman and Jeat, established Singh as a family-owned company. Since that time, Singh has remained multifaceted in real estate development, with a strong foundation in luxury apartments, commercial properties, land development, high-end single family homes and, for nearly 30 years, senior living communities which have been branded “Waltonwood.” The vertical integration of the company, which provides for development, construction, finance and management all under one umbrella, allows Singh to remain poised for new opportunities in expanding markets. All projects are wholly owned by Singh and continue to be owned and managed by Singh.

With regional offices in Cary, N.C., Singh has made a strong commitment to the expansion of its brand into the southeast markets.
