*Shampoo Treatments**

Shed Patrol De-Shedding Treatment

Dog hair everywhere? Our de-shedding treatment includes a shed control shampoo, shed control conditioner, and additional brushing based on the needs of the dog. It is recommended to repeat treatment every 4-6 weeks for best results. This shampoo helps soothe dry skin and rejuvenate hair follicles for a strong, healthy coat

De-Skunking Shampoo Treatment

Perfect for lifting skunk odors from your dog's coat! Please note, if your dog was sprayed in the face (nose and mouth areas) the skunk odor can remain noticeable to some degree after service, and may take time for the odor to completely disapeate

Moisturizing Oatmeal Treatment

The combined benefits of oatmeal and baking soda nourish and soothe dry, itchy skin

Mud-bath Treatment

Our luxurious mud bath treatment penetrates deep to exfoliate dead skin cells and soothe itchy or irritated skin. It's perfect to prepare the skin for additional treatments such as deep conditioning

Deep Conditioning Treatment

Calming! This shampoo is filled with vitamins and conditioners that will leave your dog smelling of fresh lavender

Degreasing Treatment

This shampoo treatment gently removes excess oil, grease, and dirt from your dog's coat, leaving a soft, shiny coat behind

Dematting

Tangles happen! We will gladly use our magic wands to save your dog's coat whenever it is humane to do so. This fee also applies when a dog's coat requires shaving to remove matting safely and humanely

*Facial Treatments**
