

Announcing our Open House on Saturday, March 10, 2018 from 2:30 - 5:00 pm! We welcome all our clients to come tour our newly expanded and renovated facility! We thank you for your patience during the construction!

Please come and enjoy refreshments, goodie bags, raffle prizes, pet health care information, and meet all our doctors and staff! We will be demonstrating our recently acquired laparoscopic surgical equipment and therapeutic cold laser too.

We will also be celebrating Dr. Ken Wright! After caring for the patients of Countryside Animal Clinic for the past 25 years, he is retiring to pursue his favorite outdoor hobbies, and March 10th is his last scheduled day to see clients. Please come wish him well during our Open House!
