

Karen -

7/15

Where do I begin?

Well, from the very start you assured us Joan would be in good hands and you lived up to that.

You and your staff helped and cared for our mother in ways we could not & we are forever grateful.

The support, concern, understanding & compassion you've shown over the last 4 years, including her last days, will never, ever, be forgotten.

To you, and everyone at Arbor Oaks who played a part in Joan's care -

Thank you so much.
