Our Mission

Privately owned, Pacifica Senior Living strives to create a lifestyle of independence and peace of mind for each individual and their family. We do what we love and what we truly believe in – providing compassionate, personalized care services with dignity and respect. Our dedicated, professional team supports each resident and goes above and beyond to help them feel at home.

It's a New Day.

At Pacifica Senior Living, we don't expect our residents to "fit" into one of our communities. We've designed our communities to "fit" them – to meet their different needs, preferences, dreams and goals. From independent living to assisted living and memory care, our communities welcome residents to live by their own design.

Our communities provide residents with every service and amenity they need, want and *deserve* to live each day just as they choose. We respect their individuality and understand that each person is in charge of the direction his or her life takes. We're simply here to support them. Every step of the journey.

And It's Yours!

Legacies™ Memory Care

Our Legacies™ Memory Care Program provides those with Alzheimer's disease, dementia and other forms of memory loss with the support, care and respect they deserve in order to continue living a full, enriching life.

Memory loss affects different people in different ways. Our compassionate and highly trained Wellness Team creates a fully personalized care plan to meet each resident's unique needs, adapting plans as the behaviors associated with memory loss progress or change.

Our specialized approach to memory care is grounded in improving residents' quality of life in a safe, secure environment. Residents engage in many interactive activities that, for example, improve coordination and strengthen social connections. One favorite program is Music and MemorySM, in which residents listen to carefully selected, individualized playlists of their favorite songs to help stimulate their minds, memories and cognitive functions.
