MARCH/APRIL 2018

A Note from the Executive Director

The beautiful time of Spring is coming upon us, birds rebuilding their nests, sunshine, flowers, bees and trees. What a beautiful sight to see.

For many residents to have a satisfying life in a long term care community, they need to feel loved and needed. They do so well when they are able to contribute by feeling useful and successful. The value they feel when given the chances to form friendships, relationships and make choices promotes their self esteem in so many ways.

As leader of this community I take so much pride in knowing that our residents are able to maximize the quality of life offered here at Pacifica Senior Living in a comfortable, safe, and positive environment. I feel so much joy when I walk the cottages and see the smiles and bonds of friendship our residents form. It's a daily challenge, but we strive to do our best. Love always, Helen

Who am I?

I can wave my hands at you, but I never say goodbye. You are always cool when with me, even more so when I am high! What am I?

I am the place to turn when nature calls. What am I?

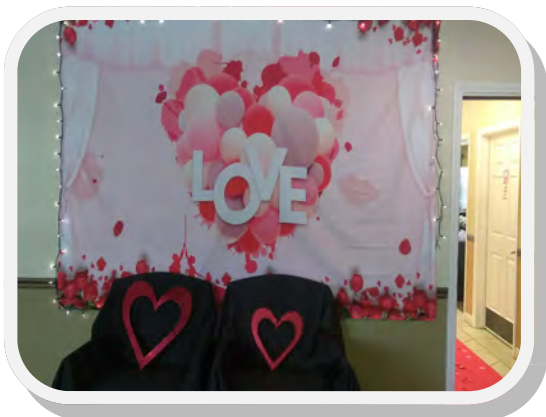

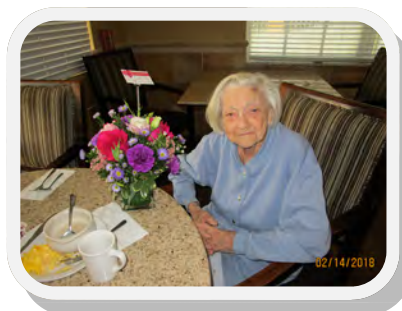

If you have me, you want to share me. Once you share me, you won't have me. What am I?

Welcome to Our Community

A sincere thank you from Pacifica Senior Living for choosing our establishment as your New Home.
