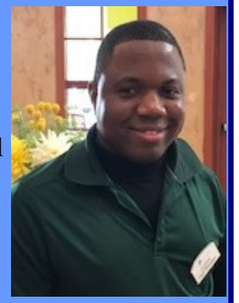
Village Notes

Discovery Village Employee of the Month



This month we are excited to announce that our employee of the month is Justin! Justin is originally from Haiti and moved to Florida in 2014. Justin will be celebrating his one year with Discovery Village on July 27th and we are so happy to have him on our amazing team. Justin usually works in Memory Care and he loves making all the residents feel special and making them happy. His favorite part of everyday is being able to talk with the residents and spend quality time getting to know them.

Executive Director's Corner

Spring is here! The temperatures are warming up, flowers are blooming and a new baseball season has begun. I hope your favorite team wins its opener, otherwise they can't sell beer. (If they don't have an opener how can they open the bottle?) That baseball joke never gets old to me. Hunter and I are huge baseball fans and we plan on seeing our favorite teams, the Twins and Rays a couple times in person this season.

Spring is a wonderful time of year to let go of your agenda and live life for each and every moment. When communicating with each other, listen to really hear what the other person is saying. When we truly listen and don't respond immediately, we can build on what that person is communicating to us and better understand where they are coming from. Remember to always move forward, keep your smile fresh and your heart warm.

Hunter and I enjoy every day we get to spend with you and are pleased to be on this journey with you. And, if you see me rolling the halls (recently received new hardware & can only use one leg for six to eight weeks), know that I will be all shiny and new in no time.

All the best,
Ron & Hunter
