A Note from the Executive Director

Hello to all our Belleair family members and friends. I'm delighted to introduce myself as your new Executive Director. As many of you know, for me this is like returning home. I began my career here at Pacifica back in 2011, and met many of you as we transitioned and cared for your loved ones during my tenure as the community marketing director. Well, things have come full circle and I'm back home! When you have a minute feel free to stop by and say hello so that we may reacquaint ourselves or meet one another for the first time. If you are unable to come by, feel free to pick up the

phone and chat, we'll get to know one another that way. Providing care for our elderly is both a responsibility and a privilege not to be taken lightly. I recognize that each of our residents is a unique person with unique life stories and experiences who have much to give and share with us all. Your loved one is important to me and I want to ensure that my team and I are exceeding your expectations and meeting the needs of your family, and the one you hold dear. Thanks in advance for welcoming me back into the Belleair Family of Care...Its Good to be home!!!
