Single cat is \$26.64 per night

Medicine Fees

If your pet requires...

Insulin injections twice daily: \$20.34/day

Oral medication, injectable medication, or ophthalmic medication that the kennel staff cannot administer: \$12.47/day

Vaccine Requirements

Creature Comfort requires that all pets be current on vaccines prior to boarding.

The vaccines required for *canine* boarding are: rabies, dhlp (distemper, hepatitis, leptospirosis, parvo, parainfluenza), bordetella (within the past 6 months), H3N2 influenza and H3N8 influenza with an Annual Exam.

The vaccines required for *feline* boarding are: FVRCP (panleukopenia, herpesvirus-1, calicivirus, chlamydia), leukemia, and rabies with an Annual Exam.

All vaccines must be administered by a licensed veterinarian. It is always best to have your pets' vaccine records with you when you drop off for boarding or grooming.
