# Summer Fest: Around the World

**Chandler's Square Residents' Council Meeting** August 21, 2018

Present: Maxine L. - Harvey O. - Harry B. - Dee H. - Mary Lou M. - Nancy A. - Becca B-D

Meeting was called to order at 2:30pm. The following discussions took place.

### **Old Business:**

There is a suggestion from the council that when making a change to your meals in the dining room (example; requesting to be served half a sandwich versus a whole sandwich at lunch), discussing with the kitchen staff instead of the waiting staff may be more efficient. It has been suggested that you tell the kitchen staff personally by ringing the bell outside of the entrance to the kitchen, or by phoning the kitchen.

Maxine Lang is currently acting as interim President of the Resident's Council for Harvey until January, upon that date she will tender her resignation from the Resident's Council. The council is in need of a secretary, and for someone to step in as President, if no one steps in, it is the recommendation of the members in attendance to discontinue the council. The council feels that things brought to the attention of the council can be discussed at the All Resident's Meetings. If the council is discontinued that will leave \$525.91 in the treasury. The council is considering distributing the fund to a charity, such as; Meals on Wheels, the Family Center or the Salvation Army. The bank account will be canceled, therefore any fundraising for any charity will have to be handled entirely by the resident advocating for their chosen cause.

In discussion of the annual Christmas Party, the council suggested that in the case that the council discontinues, that a special meeting is held to plan and coordinate for this particular event.

### **New Business:**

Many residents enjoy walking to Safeway and downtown. This is complicated by the dangers crossing 12<sup>th</sup> and Commercial. The crosswalk light is not long enough and the traffic going to and coming from the ferry does not pay attention to the pedestrians. The residents request that Pete go to the city on behalf of the residents to make the intersection safer and more accessible.

All residents that have items in the South Wing storage must have all items inside of their storage units by the end of September. This is to eliminate any trip hazards and provide space to move around. Any items not in the storage units by the end of September will be removed.

The meeting was adjourned at 2:47pm. Respectfully submitted, Becca B-D, Secretary

# **Healthy Living: To Sleep, Perchance to Dream...**

To sleep, perchance to dream is a quote from the famous "To be or not to be" speech in Shakespeare's Hamlet. I often think of this line when I'm trying to fall asleep at night, and my body is not subjecting itself to my wishes. Why is it so hard to fall asleep at night, and then so hard to stay awake during the day? It sometimes feels like my body is trying to torture me...

At our next Healthy Living talk we're going to talk about what we can do to make it easier to fall asleep, to stay asleep, to get back to sleep, and how to get enough sleep. There are many reasons why falling asleep is challenging and improving sleep usually involves multiple solutions. So bring a pen to write down the ones you want to try.

## I would like you to try something before our **Healthy Living talk on Sept 3<sup>rd</sup> at**

**10:30am**: when you lay down at bed time, lie still with your eyes open and try to stay awake for as long as you can. Studies show this is more effective for getting to sleep than actively trying to go to sleep. I'm looking forward to you sharing your experience with this concept with the group!

**Fire Alarm System Annual Test** The test will be on **Monday, the 24<sup>th</sup> of September.** They will start at 8:30 am. This is the large test, and they will be all day. Earplugs will be available in the lobby.
