Welcome to Mission Villa!

Jackyln C.

Resident Services Coordinator

Jackyln was born in Daly City and attended Hogan High School in Vallejo. She has also spent some time in Glendale, Arizona attending Arizona State University and studying Nursing. Jackyln holds a degree in criminal justice. She also completed the LVN program at Unitech and plans to continue working towards her RN. She currently resides in Pittsburgh with her 9 year old son, Derick, her 6 year old son, Mateo, and her 4 month old German Sheppard, Loki. Jackyln loves to spend time with her two sons, who participate in various sports. She enjoys cooking almost anything for family and friends and more recently travelling the U.S. She dreams of one day travelling internationally to Greece and the Maldives. She is a huge fan of fruit especially yellow kiwis. She also loves to eat all kinds of cheese and nuts and Sisig. Jackyln plans to one day work with newborns in the Labor and Delivery department and in the Neonatal Intensive Care Unit. She is a very compassionate person. Jackyln wants to provide our residents with care and comfort by getting to know them and building relationships as well as being there for them and making them feel welcome and happy.

I was born on December 28, 1933 in New Haven Connecticut where I was raised and attended Gateway High School and St. Joseph's College. I worked as a teacher at Hamlin School for Girls for over 25 years, teaching English, Latin and Ancient History. I am an avid dancer and singer. I met my husband, George through friends and we were married at St. Vincent de Paul church in SF. We have 2 daughters: Rachel and Lia and also have 4 grandchildren: Claire, Nick, George and John. Our dog's name is Bruno.

When I am not dancing in the studio or singing in choirs and choruses, I also enjoy listening to classical music such as Bach and Mozart, painting, reading and doing crossword puzzles, taking walks and picking flowers and volunteering at St. Dominic's church helping the homeless.

I am very kind and gentle person with a big heart. I love to socialize and meet new people and I love to laugh!

Music & Memory participants tap deep memories that are not lost to dementia and can regain a cognizance, enabling residents to feel like themselves again; to converse, socialize and stay present.

Music & Memory shows consistent results:

- Participants are happier and more social.
- Relationships among staff, friends and family deepen.
- Residents benefit from a calmer and more supportive environment.

SUNCREST HOSPICE

The Longest Journey
Dementia Family Caregiver Support Group

This is a monthly support group designed for dementia family caregivers and other family members. Taking care of a loved one living with a neurodegenerative disease or injury can be complicated and stressful.

Whether you are learning more about dementia, considering levels of care for someone with mild to moderate dementia or caring for a loved one living with late or end-stage dementia, this support group can help.

Each session provides emotional support, peer support, education about dementia and practical tips for navigating the longest journey.

Facilitator: Joanna Castillo, MSW of Social Services with Suncrest Hospice
