

Every dog deserves to live a long and healthy life

## ESSENTIAL CARE

### Adult Dogs

- Office Examinations/Visits (2 Visits)
- Core Vaccinations Recommended by Veterinarian (Up to 3)
- Heartworm Test
- Basic Internal Organ Function Screen with CBC

### Puppies

- Office Examinations/Visits (4 Visits)
- Core Vaccinations Recommended by Veterinarian (Up to 5)
- Deworming for Roundworms and Hookworms (Up to 2)

## ESSENTIAL PLUS CARE

### Adult Dogs

- Office Examinations/Visits (2 Visits)
- Core Vaccinations Recommended by Veterinarian (Up to 3)
- Heartworm Test
- Basic Internal Organ Function Screen with CBC (Can be used as pre-anesthetic blood work)
- Oral Evaluation and Professional Dental Cleaning - The procedure is performed while the patient is under general anesthesia and being provided with comprehensive patient monitoring. During the procedure our patients will receive an IV catheter, supportive fluids, and patient warming. A full dental evaluation will be performed including dental radiographs, gingival probing, and dentistry charting. An ultrasonic cleaning will be performed above and below the gum line; the enamel of the teeth will then be polished in order to stop the progression of periodontal disease. *Extractions and oral surgery are at an additional cost.*

## COMPREHENSIVE CARE

### Puppies

- Office Examinations/Visits (4 Visits)
- Core Vaccinations Recommended by Veterinarian (Up to 5)
- Deworming for Roundworms and Hookworms (Up to 2)
- Spay/Neuter - Pre-anesthetic blood work is performed prior to or on the day of the procedure. The procedure is performed while the patient is under general anesthesia and being provided with comprehensive patient monitoring. During the procedure our patients will receive an IV catheter, supportive fluids, and patient warming. After the procedure a pain management injection will be administered and post-operative laser therapy will be performed. The patient will be sent home with oral pain management medications to ensure our patients' best comfort during recovery.\*\* *Cryptorchid and in-heat surgeries are at an additional cost.*

## COMPREHENSIVE PLUS CARE

### Adult Dogs

- Office Examinations/Visits (2 Visits)
- Core Vaccinations Recommended by Veterinarian (Up to 3)
- Heartworm Test
- Comprehensive Internal Organ Function Screen with CBC, Urinalysis and Thyroid Test (Can be used as pre-anesthetic blood work)
- Oral Evaluation and Professional Dental Cleaning - The procedure is performed while the patient is under general anesthesia and being provided with comprehensive patient monitoring. During the procedure our patients will receive an IV catheter, supportive fluids, and patient warming. A full dental evaluation will be performed including dental radiographs, gingival probing, and dentistry charting. An ultrasonic cleaning will be performed above and below the gum line; the enamel of the teeth will then be polished in order to stop the progression of periodontal disease. *Extractions and oral surgery are at an additional cost.*

## For pets and the people who love them

Each pet is unique and at Hendricks Veterinary Hospital, we have plans specific to each pet's needs. We have established preventive care recommendations to ensure that every pet receives the highest level of care to live a long and healthy life.

### Wellness plans for the life of your pet

- ✓ Plans for each life stage
- ✓ Affordable monthly payments
- ✓ Out of plan discounts for professional services
- ✓ Peace of mind knowing your pet is healthy

Our pets rely on us to keep them happy and healthy. PAW Plans make it easy for you to ensure they get the care they need to live their best life.

## PAW Plans help your pet get the care they need to live a long and healthy life.

We treat your whole pet starting with routine office visits, vaccinations, lab work, spay/neuter and dentistry (determined by the age of your pet).
