Personal Care and Memory Care

*“I have had a lot of time spent at Heritage Hill over the past few years as I have had two loved ones from different sides of my family reside here - both for different needs and reasons. Getting to spend time in the assisted living section and also the memory/dementia care unit. The staff is always friendly and accommodating from all departments. When you walk in the atmosphere is pleasant and you feel at home. Heritage Hill continues to make efforts every year to improve things from dining experiences to activities and to continued support to their staff. Many employees are the same familiar faces over the years and that means a lot! Management and general staff are smiling and happy to be at work. Would highly recommend Heritage Hill!”*

**Shannon, Senior Med Tech, and Julian, CNA, celebrate 20 and 13 years of service with Connie, who's made her home at Heritage Hill for 6 years!**
