MEMORY CARE

Our Montessori Moments in Time™ program is the cornerstone of our memory care strategy and was developed through extensive research and first-hand experience with our residents throughout the years. The five directional paths that comprise our memory care program include:

Family Connections Path: Focuses on the wellbeing of our families through social gatherings, volunteer opportunities, support and education

Health and Wellness Path: Addresses the strengths and limitations of each resident as well as his or her personal preferences, and nutritional and exercise benchmarks and goals.

Dining Experience Path: Meals and snacks present daily opportunities to reminisce, create new memories, maximize independence and promote socialization, all in an inviting environment.

Life Engagement Path: Includes scheduled programs that allow residents to function at their highest potential, giving them a sense of purpose and well being

Team Promise Path: Centers on developing our care partners through ongoing education and training
