

Getting Involved with Theme Week

From April 29th to May 3rd, we celebrated our Chicago Speakeasy Theme Week. As the latest destination in our “Party in the USA” year, this event took us back to the 1920s for five days of jazz, black sequin headbands, and The Great Gatsby.

If you didn’t have the chance to participate, or simply want to know more about similar events in the future, look no further! Here’s everything you can expect when we celebrate our next Theme Week.

Party in the USA

As you’ve probably already noticed, we’ve designed each Theme Week

this year to take you to a different place and celebration in America. In February, we brought out our gold and green to make our home look like New Orleans during Mardi Gras. With our latest Theme Dinner, everyone came together to discuss Manhattans and Martinis in our dining room-turned- Chicago speakeasy. We’re already planning for our next destination, and we can’t wait for you to see it!

Dressing Up

To make you truly feel like you’re experiencing an extraordinary night in a new city, we encourage all of our residents to dress in their best-

themed outfits. Don’t worry - your invitation will include additional details on how to best dress for the theme! Our staff will also help you look the part by handing out necklaces, hats, and other wardrobe pieces prior to the Theme Dinner.

Activities Galore

With the help of our Life Enrichment Team, we’ll make sure that you’re fully immersed in the theme that we’re celebrating. In the past, we’ve had a Cajun lunch outing, created parade floats out of cardboard, hosted jazz bands, and taught each other how to do The Charleston.

Executive Director Corner

At
Cumberland
Pointe Health
Campus, we

are eager to get out in our courtyards and get our hands dirty in preparation for our Campus in Color competition. If you are new to our campus you may be unfamiliar with Campus in Color. This program gives our residents a chance to nurture their green thumbs by planting raised flowerbeds, vegetable gardens and so much more.

Campus in Color doesn't just involve our residents... family members, community members, and even staff members that love to garden are encouraged to join us! If you are interested in getting involved, contact a member of our Life Enrichment team today. We accept volunteers of all ages! Whether you want to

donate time, gardening skills, or you are just looking for friendly people to share time with, please join us.

And early in May we will celebrate our second theme dinner as we go back to the Roaring 20's and have an authentic Chicago Speakeasy Dining Experience! And remember to follow us on Facebook and Twitter to keep up-to-date on all the latest. Our Face book page is "Cumberland Pointe Health Campus" and our Twitter account is "Cumberland Pointe HC @CumberlandPHC".

Wishing a special "Happy Mother's Day" to all our mothers that live with and work with us!

Yours in Service,

Gail Baldwin
Executive Director
