## Visit to the Reagan Library

We took a trip down to Simi Valley to visit our old friend, President Ronald Reagan. We had an amazing time at the Reagan Library, seeing all the amazing work President Reagan has done for the United States through his time in office, like the Berlin Wall, which opened up the barrier which has divided West and East Berlin since 1961. President Reagan said, "Tear down this wall!" We also got to see the black ace squadron F-14A fighter jet. You need to see it in person. After seeing the F-14A fighter jet, we went inside to see the President Ronald Reagan timeline, from his youth to his meeting of First Lady Nancy Reagan, to the ending of his presidency. Time has passed, but we'll never forget about President Reagan. If you missed the trip, don't worry. We'll go back sometime soon.

## Comedy Hour with Denise and Amanda from Mission Home Health

Denise and Amanda from Mission Home Health came to perform a comedy routine for us. As many of you know, laughter is the best medicine. They both have very funny routines about the growing pains of getting older. We even had the news channel, KEYT from Santa Barbara, here to record the event, which aired on their evening news program. Denise and Amanda also perform their comedy routine at the Ventura Harbor Comedy Club and Levity Live in Oxnard. We look forward to having them come back soon to make us laugh until our stomachs hurt again.

## Cinco De Mayo Piñata Making

We got ready for Cinco De May by making a pinata. Originally, pinatas were made out of clay and then decorated for the party and filled up with candy. But we made our pinata from a box and then used papier mache to give it a colorful look. We can't wait for next year's pinata.

## New Friends Who Have Joined the Family

Here are our new friends. If you have not already met them, please stop and introduce yourselves.

## Easter Celebration At The Palms

Family members all showed up at the Palms to celebrate Easter Sunday with their family members. It was a time to be social and catch up. The staff was getting everything ready for Easter Sunday. Chef Michael started serving prime rib, as everyone started lining up to enjoy the feast that Chef Michael made with his amazing team right behind him. The staff worked hard around the clock to serve everyone, so everyone had a great time at the Palms for Easter Sunday dinner. Everyone enjoyed their food and making memories. As time started ticking down, one at a time everyone started leaving and saying goodbye.

## Flower Pot Painting Craft

The Palms family is starting to work on our small family flower gardening. We are starting off by painting some small flower pots to give them character and life. It's a better way to garden, seeing your plants grow, but also seeing everyone's amazing artwork and the skill they put into their work. This is an easy way to bring color and life to people's homes. It gives them a task to water and keep an eye on their plant, and seeing them grow is a delight. As they have gotten too big for their home, we will be putting them in their flower beds to be able to grow bigger and help our family garden to become bigger.
