### Feel at Home Where you Are...

Heritage Hill is a personal care and memory care community that embraces life and possibilities at every age.

In our beautifully appointed common rooms opening onto spectacular views of the Pocono Mountains, residents enjoy an environment that provides all the comforts of home, plus the support of round-the-clock, trained caregivers.

When you or a family member require assistance with the daily activities of life, come to the place our residents call home. A place that feels like a happy, welcoming home....because it is!!

We encourage families to visit often and to participate in our activities and special events. We take pride in every last detail that goes into making our community a loving home for our residents. Please come visit us and discover what it means to be at home at Heritage Hill.

### Success Stories...

Heritage Hill staff goes out of their way to make my dad feel included and part of the "family". They understand my concerns in reference to mobility and medication. One of the most important things, they know and address him by name, and always with a smile on their face. A loving, caring and concerned community.

### Q & 1

- Q: Can visiting family members and guests dine with the residents? If so, is a charge?
- A: Yes absolutely, we encourage families and guests to dine with their loved ones at any of our three meals served. All we ask is that you call in advance so our Dietary department can prepare the appropriate amount of food for that specific meal time. There is a minimal fee charged, and depends on the mealtime selected.

# In the "Spotlight" August Resident of the Month Norwood "Pete" Ohl

Heritage Hill Senior Community is pleased to announce that Norwood Ohl has been named as Resident of the month for August 2019. His friends all call him "Pete"!

Pete was born at home on October 4, 1934 in Tamaqua, Pa. He is one of seven children; 2 brothers and 4 sisters. He has one son, one daughter, and one grandson.

He retired from Dana Corporation as an assembly line worker. Pete is an outdoorsman and he enjoys the summer months in the warmer weather. He enjoyed hunting in the past and going to yard sales. He also liked to dabble with collecting old coins and he has an interest in older sport cars. Country music is his preferred music choice and he loves animals, especially his dog, "Sparky" who he had for 18 years.

## The History of Heritage Hill

Heritage Hill Senior Community was once only a vision. Those of you who are from this area, you may recall an apple orchard situated on this very same property.

This journey began back in 1989; when the land was cultivated thru land surveys, environmental studies and zoning board meetings. Once all the land was approved, we then met with architects, contractors, and acquired building permits.

The day finally came when the first seeds were planted, and the groundbreaking occurred. The weather played a huge factor in the struggle to sow those seeds but with nurturing the land those seeds began to take root and grow. In May of 1999, the vision was a reality and Heritage Hill was a young seedling, still in need of much nurturing but on its way to a healthy start.

Years of constant nurturing and we have grown into the family we see before us. Along the way we had lost many apples, but their seeds remained firmly in our hearts and have taught us much about how precious this journey has been. We have formed many bonds with the families along the way, their loved ones whom we cared for and continue to care for each day. We have become a healthy thriving orchard once again with the fruit of our labor before us. Our vision has come to fruition as our family tree has grown and continues to grow every day.

# Shepherd's Garden Memory Care Corner

## A Look back on JULY

The residents of Shepherd's Garden celebrated July with a space theme. This included trivia, arts and crafts, and food that went along with our theme. One of our discussions was about astronaut Neil Armstrong and his journey on the moon. The residents were able to enjoy "Astronaut Food." They were able to taste freeze dried apples, peaches, strawberries, and even ice cream sandwiches. Most of the residents found this different but didn't mind it. This month we celebrated our friends Ellen and Bette's birthdays.
