

True North Employee

Our true North Employee for the month of January is Jennifer Baker. Jen has worked for Heron Pointe for 7 years and is a great asset to our team. We appreciate all the help from her these past couple months whenever we need her. We also want to thank her for assisting with calling bingo on her downtime , we know the residents really enjoy her being there.

Thank you Jen for everything that you do for our residents and staff.

Come Join Us For Tea!

Since Winter has officially begun, and the cold weather has descended in force, we all have been seeking methods of staying warm. In honor of this colder weather and national hot tea day, we will be hosting a Mad Hatter Tea Party on Thursday January 9th from 2pm-3pm. We will be serving snacks and a variety of hot teas to celebrate, and we would love to have you there!

Happy Anniversary

Emily F. – 1 Year
Aaron – 1 Year

“Every New Beginning Comes From Some Other Beginnings End.”- Seneca

Christmas was filled with Lots of days to celebrate. We enjoyed an outing on the bus to see the Christmas lights around town, a Christmas party with lots of yummy snacks and drinks, a Christmas lunch on Christmas Eve and a visit from the community to drop off a gift for every resident. We had a great time celebrating Christmas and we look forward to it next year!

Menu Chat:

Every Monday after lunch at approximately 1pm, Menu chat will be held in the dining room. Tyler will be there to discuss the weekly menu and any dining related concerns residents may have. This is a great way to let Tyler know about any special food cravings you may have, discuss and share recipes, and offer ideas for upcoming menus and dining events. All residents are encouraged to come, please join us.

January 31

National Hot Chocolate Day

#GEN 2000

Are You Interested in learning how to use technology? Need help learning how to use your cell phone? We are partnering with the local school to bring in volunteers to assist you in getting in contact with your loved ones. If you would like to video call them, maybe you don't know how to take a picture, or you just want to learn the basics we will be able to help. We will be buying tablets for the community to use, and you will soon be on your way to communicating with your family in a new and modern way. Whenever you miss them you can jump on and video chat with them and be able to talk to them while seeing their smiling face! If you are interested let Kori know and we will get together and teach you everything you need to know! If you have a cell phone or tablet now and would like to learn you can as any associate and they will also be able to help you!

Tiny Stories

In today's modern world we have so many ways to stay connected. For years we have had libraries full of literature which hold tales about people's lives, memories, laughs, love and even hardships they have endured. We have the privilege to share Tiny Stories™, a Compass Senior Living Signature Program; a collection of our residents' lives told from their perspective. Our goal is to create a digital imprint of our residents' legacy available for their families, for our communities and for you.

Do you want to tell your story and give your family something they can have forever? Connect with Kori and we can get this going! This is something I look forward to doing with you and I hope you find joy in it as well.
