Prepare For Spring Weather

The arrival of spring this month means warmer weather is on its way, but there are plenty of cool days left as the seasons change. Be prepared for fluctuating temperatures by dressing in layers, which you can remove if you get warm and put back on if you get chilly. Also be sure to wear secure footwear and to grab an umbrella before leaving on outings.

Cabbage Can Feed Your Brain

Cabbage serves as the traditional side dish in the St. Patrick's Day meal of corned beef and cabbage, but it deserves top billing for its nutritional value. Both green and purple varieties of this cruciferous veggie are rich in vitamin K, which can boost mental function and help defend against Alzheimer's disease and dementia. Cabbage is also loaded with vitamin C and several cancer-fighting compounds.

Spring has finally sprung!

Beauty Shop open Tuesdays.

Cheerios were called Cheerioats when they debuted in 1941. The name changed four years later.

Kellogg's Corn Flakes was the first cereal to offer a prize, a picture book, in the early 1900s.

Grape-Nuts were included in some U.S. military rations during World War II.

Our Dare to Dream program is designed to engage our seniors that live at Liberty Court and find out that if they had the opportunity to participate in an activity one more time what would they choose? Mabel was a high school cheerleader and wanted to experience that again! Wow, Mabel is still cheering at 100.
