

Dear Senior Living Management Residents, Families and Associates:

At Senior Living Management, our goal is the safety of our residents and our caring staff. There are no known cases of COVID-19 in any Senior Living Management communities.

We have implemented additional preventative measures which are consistent with the best practices in our industry, including visitor screening, additional training, enhanced cleaning, resident & employee surveillance and the procurement of additional supplies.

Visitors will be asked to complete a Covid-19 questionnaire prior to entering the community. The questions include;

- Have you been infected with COVID-19 or have not had two consecutive negative test results separated by 24 hours?
- Are you showing or presenting signs or symptoms of a respiratory infection, including cough, fever, shortness of breath or sore throat?
- Have you been or may have been in close contact with a person(s) infected with COVID-19 who has not tested negative for COVID-19?
- Have you traveled internationally within the last 14 days?
- Have you traveled on a cruise ship in the last 14 days?
- Have you been in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency?
- Do you reside in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency?

However, following these procedures will not guarantee success in keeping the virus out of our communities. Should the virus get into one of the buildings, we will take additional aggressive steps in an attempt to contain it.

We are all in this together. Our best chance of success is if everyone follows the CDC guidelines: Wash your hands regularly and stay away from the communities if you have any reason to believe you have been exposed to COVID-19 or if you are sick in any way.

We continue to monitor the evolving COVID-19 situation. We will notify you of additional changes to our operations as we learn more.

To help you and your families be better prepared for a COVID-19 outbreak, we encourage you to review the information posted on the websites below:

- <https://www.cdc.gov/coronavirus/2019-ncov/index.html>
- <https://wwwnc.cdc.gov/travel/page/covid-19-cruise-ship>

If you have any questions, please email me at covid19@slm.net.

Thank you

Jay Stowers
