

March 17, 2020

Dear Oxford Villa family,

I am sure you have seen global news coverage of the novel coronavirus COVID-19. As this virus reaches Wichita, we are seeing businesses and city buildings close; churches suspend services; and schools cancel in-person classes.

**With the increased risk for the senior population, I urge you to protect yourself and others by taking every precaution to limit your exposure by following the guidelines that our local, state and federal governments have recommended.**

**Federal recommendations currently include:**

- Avoid restaurants.
- Avoid gatherings of **10** or more people.
- Practice social distancing. (Put 6 feet between yourself and others. This is especially important for people who are over the age of 60 or have compromised health.)
- Wash your hands often with soap and water for at least 20 seconds.
- Avoid touching your eyes, nose and mouth.
- Cover your mouth with a tissue if you cough or sneeze. Then throw the tissue in the trash and wash your hands immediately.

Health care officials are urging us all to **STAY HOME** as much as possible. And while your home is a part of a great community of neighbors, I urge you to keep to the recommended guidelines of small groups only – allowing social distancing – even while you are visiting with neighbors here at Oxford Villa.

**Additional tips:**

- Take advantage of take-away food service at Oxford Villa.
- Take advantage of food delivery services or drive-throughs at local restaurants. (Please note: delivery drivers will not be permitted past the front desk.)
- Use drive-through pick-up for pharmacies.
- Utilize online ordering for Dillons, Target and Walmart.
- Keep hand sanitizer in your car and use it every time you get in.
- Avoid hugs and handshakes.

I care about the safety and well-being of each resident and team member, and I trust you will continue to be great neighbors for each other through this pandemic.

J. Chris Dennis  
President & CFO
