## Social Strategizing: Ways We're Using Tech to Connect & Engage

As we observe state-mandated health guidelines and practice physical distancing, we really are as connected and engaged as ever! One of the major ways we are connecting is by utilizing tech at our community. We're no strangers to using tech for resident engagement, but now we have taken on even more ways to stay in touch, and have added new approaches to activities as part of our life enrichment program!

Pat at our "Grab and Go" ice-cream social.

While physically distancing, tech at our fingertips enables us to do activities such as:

- Country touring
- Craft printing for art
- Entertainer watching
- Exercise classes
- Gameshows
- Google Earth travels
- Karaoke

- Museum touring
- Park touring
- Puzzles
- Sport watching
- Story writing
- Trivia
- Video chatting
- Virtual painting
- Virtual pet therapy
- Worship services
- And more...

Keeping Connected: We're using IN2L for video chatting via Skype, and helping residents use Zoom and Facetime for video chats! We've launched a "Connect Campaign" for family and friends to send videos, photos, letters, pictures of letters, etc., to: [media@radiantseniorliving.com](mailto:media@radiantseniorliving.com). When you email, include the community name, recipient, and if you are OK with us sharing your submission on our facebook.

## World Tour Russia

We started our Russian world tour by making Russian Tea Cakes, they were very easy to make and were absolutely delicious. We have had a few ask for the recipe. (you can find it on the IN2L)

At our craft class we made Faberge Eggs. After painting paper mâché eggs with metallic colored paint we added crystals, glitter and sequins.

Tomorrow begins our journey learning everything we can about Russia, we will first check out the map, and location on our planet with the help of the IN2L. We will move on to read the history, check out the traditions and enjoy the slide show.

Cooking class this week will be interesting, we are making Borscht, I have never tried it so we shall see. A few of the ingredients are, beets, potatoes, onion, cabbage and dill. Sounds amazing doesn't it?

Next month we are going to visit Cambodia, how exciting! Please join our varied activities next month to learn and enjoy different countries on our World Tour.

### A note regarding Coronavirus:

The safety and comfort of our residents and staff remains our number one priority during the Coronavirus cases that have happened nationwide. It is important to communicate our plans to mitigate risk in our community. We are following mandated health guidelines. Please note that all activities are subject to cancellation per current mandated health guidelines. To read a full list of measures taken, and our current visitor policy, please visit our website: [www.pioneervillageoregon.com](http://www.pioneervillageoregon.com)

### Limerick Challenge!

In honor of Limerick Day on May 12, try writing one! They are funny, 5-line poems. Hickory, Dickory, Dock is a famous example.

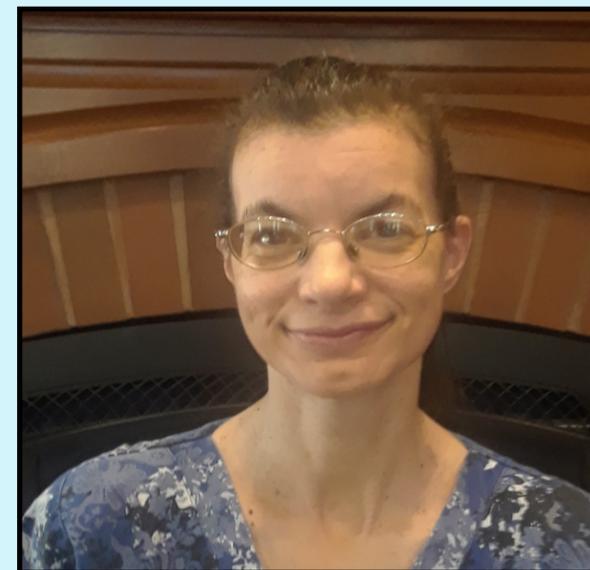

### The Rules:

1st, 2nd, & 5th lines rhyme and are 8 to 9 syllables. 3rd & 4th lines rhyme and are 5 to 6 syllables. Good Luck!

## Employee of the Month Stephanie T. Med Tech/Caregiver NOC

Stephanie began working for Radiant Senior Living at our sister community, Arbors Memory Care in Nevada, in February of 2019. She transferred here to Pioneer Village in September of 2019. Stephanie is a hard-working, dedicated employee. The staff who have had the pleasure of working with her say she is “a joy to work with”. Thank you Stephanie for all you do.

Black- Headed Grosbeak

A brightly-colored bird flew into our yard recently, right on schedule! This traveler from the south of Mexico arrives in the Rogue Valley around the third week of April. His coal black head and black and white striped wings, bright cinnamon back and breast and a yellow belly define him as a Black-headed Grosbeak. Once he chooses a territory to nest, his brilliant singing will hopefully attract a mate. Keep an eye out for the brown and white streaked female with a bold striped head and a lighter cinnamon breast. Described as “an operatic robin,” the male greets her with a beautiful song full of trills, rich phrases and lots of enthusiasm. The singing will continue through the nesting period until the young birds learn to feed themselves. As late summer arrives, singing fades, and the now silent birds begin their trip to the south once again.
