What It Means to Be an American

*To believe in the promise of a better tomorrow, and stand united
in our efforts to give a peaceful nation to our children...*

*To honor each other's differences and cherish the richness of
our history, even as it continues to unfold from sea to shining sea...*

*To love deeply our friends and family, day by day, and
never take for granted the privilege of calling ourselves
American.*

ASSOCIATE SPOTLIGHT

Our associate spotlight for this month is Faith Szymanski, our new Life Enrichment Assistant!

Faith graduated high school in 2018 and lives in the Lapeer area. She loves to travel and explore new places. Her favorite places are New York and Belize. She went to Belize on a mission trip. When she is not with her Waltonwood family, she is working at a dry cleaners. She also really enjoys photography, painting, and spending time with her family. She has always enjoyed helping others and she looks forward to getting to know all the residents at Waltonwood University.

FOREVER FIT: FOCUS ON FITNESS

You Can!

Henry Ford once said, "Whether you think you can, or you think you can't...you're right." Often the ultimate success of an exercise program starts with the words we tell ourselves. Far too often we don't give ourselves the credit we deserve for the strengths we have. Far too often we focus on what we can't do instead of embracing what we can. At a time when motivation can be hard to find and positive thoughts are replaced by uncertainties give yourself the credit you deserve. The words we tell ourselves are the foundation our potential so let those words be kind, confident and powerful!

EXECUTIVE DIRECTOR CORNER

I think its easy to say that the past few months have been an extremely difficult time for our community. For nearly three months, our residents have not been able to hug their family or dine with their closest friends. It's been almost three months since you've been able to participate in a group activity like BINGO or Wii bowling. We have been through so much, and we continue to persevere through the challenges we face each day. I believe at Waltonwood University, we have fought through this pandemic as a family. Despite the negative effects COVID-19 has brought to many of us, we continue as a community to show the support and goodwill that others may need. This type of gratitude gives us inspiration to keep moving forward as one. We see the light at the end of the tunnel, keep moving forward!!!
