Welcome to Edgewood Point, Virginia

We are very excited to welcome Virginia to our Edgewood Point Facility. She was born in Idaho, moved to the Midwest, East Coast and finally settled down in the beautiful Northwest. She is very proud of her degree from Oregon State, her family including her kids and grandchildren, as well as her great-grandchildren. Her husband was in the Navy during World War II. Later on, his job carried them to Brussels, Belgium, where they lived for a few years. Virginia has traveled all around the world and has fabulous stories. She is very talented and will be a great asset to our Activity Program. We are very glad you are here, Virginia and cannot wait to begin our fun times.

Meet our beautiful, Virginia!

Our Beautiful Vegetable and Flower Gardens

We are so excited to have our beautiful area to plant our flowers and vegetables. Our wonderful Leon built and refurbished our boxes so they would be more accessible for all to reach. We all put in our requests for our favorite flowers and vegetables. The residents planted wildflowers, hummingbird and butterfly flowers, as well as seven different kinds of tomatoes, peppers, snap peas, strawberries, zucchini and pickling cucumbers. We cannot wait to see how they all evolve.

Q: Why did the news reporter go to the ice cream parlor?

A: She wanted to get the scoop!

Logic Problem:
And the Winner Is ...

Five people ran a footrace: Mitch, Kyle, Joy, Leslie and Gwen. Based on the following clues, can you figure out what order the runners finished?

- Mitch was neither first nor last.
- Joy beat Mitch, and Mitch beat Gwen.
- Kyle was neither first nor last.
- Kyle beat Leslie, and Gwen beat Kyle.

Sudoku

The object of the game is to fill all the blank squares with the correct numbers.

Each row of 9 numbers must include all digits 1 through 9 in any order.

Each column of 9 numbers must include all digits 1 through 9 in any order.

Each 3 by 3 subsection of the 9 by 9 square must include all digits 1 through 9.

9		1			7			3
		4	2		5		6	
6				1				
8				6		5		4
	4						7	
1		6		9				8
				3				5
			9		6	3		
4			8			7		9

..... Matchstick Math

In every row replace just one matchstick to make the equation correct.

$X - IV + I = V$

$I + X = VI - V$

$V + V - X = X$

$X + X = X - X$

$V = I + I - V$

Puzzle Solutions

Logic Problem: And the Winner Is ...

1st: Joy; 2nd: Mitch; 3rd: Gwen; 4th: Kyle; 5th: Leslie

Matchstick Math

$X - V + I = VI$; $I + X - VI = V$; $V - V + X = X$; $X + X - X = X$; $V - I + I = V$

Our Resident, Al, Has a Hidden Talent

Our resident, Al, wrote some inspiring poems for all to read. We are sharing a couple here and hope you enjoy them as much as we did!

"Our Life Is the Winning Goal"

Surprise, surprise, Oh what can we do
A virus has attacked, hopefully very few
Old and young alike must mask up
So the numbers will constantly drop.
Day in and day out, our concern will grow
Can we outlive the virus and make it go
Never before have we ever seen
A world in distress ... an enemy so mean.
To fight the invader with all our might,
Requires our courage and not our fright ...
The rules have been set and we must abide
Distance ourselves and stay alive.

Written by: Al

"The Chase Will Continue"

Once again our day has begun,
where shall we look to make it fun
Somewhere his shadow, he will reveal!
We must make sure we shall never fail!
For our room, is still our best choice
and there we must be, until we rejoice
"The virus is gone" ... shall we ever hear?
the words are loud and so very clear.
Time will pass and we must stay well
The virus whose future we cannot tell!
So we must continue to be safe
and follow the rules we embrace.
Distance ourselves, we shall hear ...
the words, the virus will always fear.
He will be chased and will never see ...
the old, so many, in our Facility.
