HAWTHORN
SENIOR LIVING

Chitchat Corner with Sheila B.

Imagine if our existence was all the same. We all would think the same, have the same foods in every restaurant we went to, wear the same clothes; our palette of colors that paint our world now would only be one color. There would be no variety of anything. How very boring that would be!

When God created us I believe that He had in mind how much more beautiful the world would be with a whole lot of “different” things. So here we are all in life, full of opportunities, every day to learn something new, try something new because of all the differences in the world.

We are living in a very challenging time today. Unlike any time I have experienced in my 50 years of earth life. The days have continued to move forward from the beginning of creation, but there are aspects of the “human being” capacity that has never evolved. Our lives were designed to coexist, to mix together like the ingredients of your favorite recipe.

Different is delightful! Embrace it, encourage it and be mindful of repeating the same things that have brought our world, our nation to a place, this place where being different is undeserving. Time does not have to repeat itself if we are willing to change it.

“A new command I give you: Love one another. As I have loved you, so you must love one another. John 13:34
