Canada Day Celebrations

Our Canada Day celebrations were amazing! We started the week off with some trivia and history, some Canadian sweets like our beaver tails and pecan and butter tarts, and music in the parking lots. We finish the week off with Ingersoll Bag Pipes and Drums Band. Our residents came, out showing their pride in red and white.

Taste of the Tropics

Grown in warm, lush locales around the world, tropical fruits are famous for their bright colors and refreshingly sweet flavors. Be on the lookout for these varieties you may find on summer menus.

Mango — This fruit's thick skin, often a rosy blend of red, yellow and green, is peeled away to reveal tender yellow-orange flesh. Sweet and versatile, mangoes are delightful as a snack or dessert ingredient, but also shine in savory dishes such as salads, stir-fries and salsas.

Papaya — The pear-shaped papaya's soft, orange interior is rich in antioxidants. It's often enjoyed fresh, like melons, or roasted, like squash, and its black seeds can be dried and used as peppercorns.

Guava — Varieties of this fruit have green or yellow skin with pink, yellow or white flesh. Guava is entirely edible, from the rind to the seeds, and featured in jams, candies and thirst-quenching Latin American fruit drinks called aguas frescas.

Passion fruit — The common types of passion fruit are about the size and shape of a plum, and purple or yellow in color. Beyond the tough outer peel is a yellow, pulpy center filled with tart seeds, which can be eaten with a spoon or added to recipes.

Lychee — Round and bumpy like a golf ball, this unique fruit is also known as the alligator strawberry. Peeling away its red husk exposes translucent white flesh that covers an inedible brown seed. The lychee's flavor is described as light and floral, with hints of strawberry, watermelon and grape.
