

Commitment to Safety

Sanitizing Standards & Equipment

- **Electrostatic Fogging Equipment**
 - The latest technology to minimize contact risk on surfaces
- **Ultraviolet Light Equipment**
 - Inactivates germs, viruses, and bacteria, harnessing a naturally occurring process; effective, environmentally friendly, and chemical-free way to prevent germs from spreading

Physician and Healthcare Services

- **Telemedicine**
 - Technology enables doctors to consult with patients by using HIPAA-compliant video-conferencing tools
- **Medical Director***
 - Superior quality healthcare oversight, attaining satisfied residents, families, and allied health professionals

Safe Visiting Protocols

- Individual packages of Protective Wear for Residents and Families
- Hug Booths
- Plexiglass dividers for inside visiting
- Porch and Window Visits

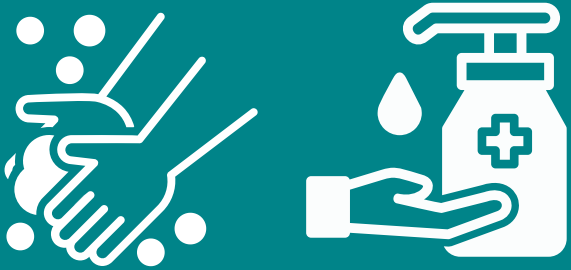

WE CARE, THINK,
UNDERSTAND,
AND ACT QUICKLY.

WE COMMIT TO BEING **1%**
BETTER EVERYDAY.

WE ARE GENEROUS
IN SPIRIT.

Commitment to Safety

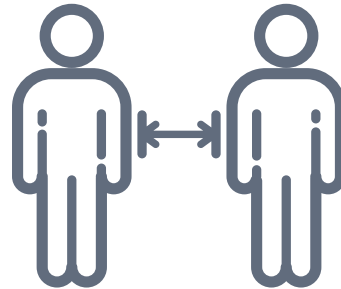

**Wash your hands with soap
and water**

*You can also use alcohol-based hand
sanitizer*

Practice Social Distancing

*If you need to go out, maintain at least 2m
(6ft) distance from others*

Stay in Designated Areas

*Use designated toilet/bathroom only if
needed*

Wear Personal Protective Equipment

*Sterile Protective Wear reduces potential
for transmitting germs*
