

APPLEFEST 2020

VIRTUAL EVENT

OCTOBER 8

APPLEWOOD POINTE

COOPERATIVE COMMUNITIES

10th Annual - Applefest 2020 - A Virtual Event

Curious about senior cooperative living?

Life at an Applewood Pointe cooperative is about leaving the day-to-day maintenance to someone else, so you can enjoy your life more! Our cooperatives are more than a home. They are a community of the friendliest people you'll meet: adults 55+ and 62+ seeking an active and joyful lifestyle!

New Website

Learn more about our 19 cooperative locations, see floor plans and amenities and find homes for sale.

3D Tours

Take self-guided tours of Applewood Pointe homes and common spaces from the comfort of your chair.

Videos

See virtual tours of our cooperative locations and hear from resident members why they love Applewood Pointe.

Photography

Browse through photos of real homes and common spaces and imagine your dream home in one of our communities.

Join us on Thursday, October 8

Visit applewoodpointe.com to join the virtual event!
