

COVID-19 Communication From Senior Living Management

October 1, 2020

Dear Senior Living Management Residents, Families, and Associates:

We are excited to announce the first phase of our reopening of our Louisiana communities. Our residents are excited to see your faces in person! Our communities are currently finalizing preparations for a safe reopening and we thank you for your understanding and patience while we properly prepare to begin phase one.

We are in the process of finalizing our policies and systems to safely accommodate visits, including a system to provide training for visitors. We will share more information, including community specific plans as soon as possible. We appreciate your patience in this very important and exciting endeavor. We look forward to seeing you in our communities soon!

Once the reopening date has been confirmed for your community, additional specifics will be shared. We appreciate your patience and understanding as we gradually reintroduce visitors into our community. We are truly looking forward to reuniting our families with their loved ones.

If you have further questions, please reach out to the community.

Thank you,
Senior Living Management
