## Pamela's Post

I wrote this column in June in 2018 and my father passed away just a short month after this was published....I'll share it again as a tribute to my wonderful father.

I thought I would dedicate this month's column to my father since this month we will be celebrating Father's Day. My dad grew up in Greenwald, Minnesota. His father was the town barber and the shop was also located in their home. He had an older brother and a younger sister.

My father and mother grew up in the same town of about 500 people, she was a farm girl and he was one of the town boys. They married shortly after my father enlisted in the US Army. Their first home was in San Francisco at the army base but they made their way back to the Midwest and settled in Fridley, Minnesota where my father was an accountant for a firm in Roseville, Minnesota.

They quickly started a family and as many of you know they produced 12 children and the first 10 came very quickly...yearly in fact (nice Catholic family). There are 7 girls and 5 boys in our family. My father is quiet, very spiritual man with a very hands on approach as well, you could find him any day making beds, hanging laundry out on the line, giving baths at night (one bathroom), baking cookies, teaching us how to drive, ride our bikes, baiting many hooks on our numerous camping trips to Lake Bemidji or camping along the Great Lakes.

One afternoon as I raced my brother home from the bus stop, we found him putting together bread, it had risen and spilled all over the counter, as he proudly announced that we had welcomed another brother to our family!

Week nights were spent with trips to the local lakes with our picnic dinners and swimming throughout the summer months. Winter months were spent on the local ice rink playing hockey with the entire neighborhood. My dad built us a playhouse and with one of the numerous tornadoes that swept through Minnesota, it landed on its side and became a fort from that day

forward. Many stories abound but one of my favorites is when us older children started driving and daily he would tell us to SLOW DOWN when we drove into the driveway, "you're going to go right through the garage door to the other side someday" were his exact words. (I can't imagine that would happen since the 15-year-old Ford station wagon never went faster than 15mph!) So on this very cold and icy night we were waiting as we usually did for my father to come home from work and as we saw the headlights against the garage door we knew it was time to get the supper on the table. So as the older children gathered around the supper table we heard this crash and so the story goes....my father came through the door and all he said was "not a word kids" and you know we never did discuss the garage door or the reason why my father's car went entirely through the garage door that late evening night but you know there were many hidden giggles at the dinner table that night.

My father was a great role model for us all, a quiet man with a sense of humor. He taught us to put God first and the rest will come.

Happy Father's Day to all the wonderful Father's everywhere!

Family and friends of Glenwood Place, drive-in and grab a to-go meal prepared by Glenwood Place. A burger, chips, cookie and beverage will be provided to all guests. A free-will donation is encouraged as we raise money for the research on Alzheimer's Disease. To maintain proper social distancing, we ask all guests remain in their cars. Please cruise our campus or park to enjoy your meal so residents can enjoy watching the car cruise.

**Families, this is a great opportunity to drive in and wave to your loved ones.** We will have residents seated around the parking lot ready to wave and greet the car parade. No need for a classic car, of course. We just want you to come and support our cause, enjoy a good meal and see your loved ones!

If it rains, we will postpone to a later date.

100% of the proceeds will go directly to the Alzheimer's Association.

## WE WANT YOUR EMAILS!

If you would like to keep up with what's happening at Glenwood Place, submit your emails to Brooke at [communityrelations@glenwoodplaceal.net](mailto:communityrelations@glenwoodplaceal.net). Brooke will add you to our email mailing list!

We broke in my buddy's new boat, 22 foot Ocean Pro. We were very thankful that we had it because the waves were 5 to 7 feet most of the time. All quality fish but the biggest was 29 inches.

## COVID-19 UPDATE

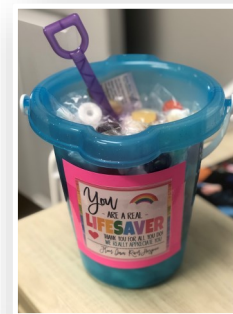

### STAGE 1:

- Staff screening (temp & pulse ox) taken at the beginning and end of each shift.
- Increased dis-infecting at an increased frequency in public/ common spaces.
- Controlled staff interaction and assignments—Limited meetings/ gathering of more than 10 people.
- Encouraging residents to wear masks outside of apartment.
- Ongoing focus on infection control training and PPE supplies.
- Testing plan, protocol within community with contact tracing.
- Continued resident dining in apartments and socially distanced activities. Outside porch sitting, scavenger hunts, bus rides.

We celebrated our nurses, Lisa and Beth, during Nurse's Week May 6-12

Glenwood Place family member, Susan, drops off homemade masks.

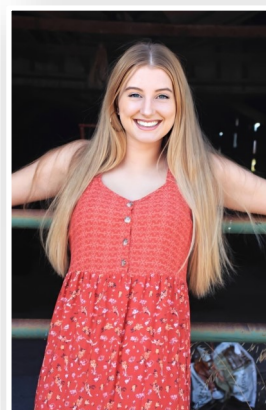

Gift baskets from our supporters have been such a morale boost to staff. Thank you Benders, Keen's, Fiscus', Iowa River Hospice and Salvation Army.

## To our Seniors...

Oh, what a year to be graduating high school. No one could have predicted this chapter in your stories of life. You are all resilient young adults, and we couldn't be more proud to have you as apart of the Glenwood Place family. We wish you all the good things to come in your lives. Congratulations, Class of 2020!
