

MEMORANDUM

TO: The Fountains of Hope Residents, Families, and Staff
FROM: Karla Oliver, Executive Director
SUBJECT: Campus Update for COVID-19
DATE: Monday, November 02, 2020
CC: Joel Anderson, President & CEO, LifeStar Living

As you are aware, we tested residents and employees for the coronavirus and we happy to report all residents and staff results were negative.

As a reminder, all employees of The Fountains of Hope continue to undergo screening, including body temperature checks, and will continue to wear N95 masks in all resident areas. We are asking all residents to wear surgical masks when they are in the common areas, except when dining where distancing is maintained.

We will continue to maintain an open line of communication about the community safeguards and response to any concerns. If you have any questions, please contact me at extension 8732 at The Fountains of Hope or email me at koliver@fountainsofhope.com.

Thank you.
