

*For the Joys of Senior Living*

Innovative. Engaging. Enlivening.  
Totally Captivating.

November 17, 2020

Dear Residents and Family Members,

I am undoubtedly sure that you have been paying as close of attention to the rising COVID cases in the state as we have. While alarming, we are grateful that the systems that we have implemented continue to work.

With that being said, we will be adhering to the latest requirements from the state. This will cause us to return to meal delivery and no group activities over the next three weeks, effective Wednesday, November 18. We will continue to provide weekly activity packets for all residents and are adding additional streaming services to Caremerge.

Community wide COVID testing will be scheduled for the week after Thanksgiving for all residents and team members. As always, please wear your masks and be cautious when leaving the community. This is extremely important over the next week if you are attending a Thanksgiving holiday dinner with family. We kindly ask that you quarantine at least until we receive your test results back after leaving the community for a family get together. If at all possible, open up a door or window in your home to allow for fresh air and ventilation.

Package drop off stations remain available for anyone that would like to drop off supplies to their loved ones. Please contact the concierge if you would like to schedule a drop off.

All caregivers and support staff **MUST** come through the main entrance of the community so they can complete the guest log and have their temperature taken.

We thank you for your patience and support. We know that this has been a long road, but there seems to be some light at the end of the tunnel. We will all work together to get through this holiday season happy and healthy.

Sincerely,

Adam Snyder  
Vice President, All Seasons Senior Living
