HAWTHORN
SENIOR LIVING

Music in the Community

We had two wonderful music events in October. Laura, who is a Server, came in and played a great selection of American standards and show tunes. The residents really enjoy her playing.

We also had a new musician play for us. Gabriela teaches the violin and also plays with some of the area symphonies when she is available. She is a music major from ECU. She plays several instruments, but this time she brought her fiddle and played American Bluegrass and mountain tunes for us outside. The bingo player in the Activity Room also heard her play. We even learned about the music she played, the roots of it and the differences between a fiddle and violin. We can't wait to hear her again. Look for these musicians in December plus David, an accomplished accordion musician who will play French Christmas selections for us.

Escaping to New Places

It has been so nice to do scenic rides and trips again! Residents have been to Eno River State Park and Ranger Lawson did a program for us on the history of the park. We walked in the woods and stood above the river and even found out they now have a bear that is living there. Ranger Lawson was very kind to Evelyn because he personally escorted her on the walk. I am sure she loved holding onto the arm of a young gentleman.

We have several trips planned for November and December. We will go to Southern Supreme Fruitcake Factory in Bear Creek, North Carolina. The Special Forces Museum is also planned. We will go see the Christmas lights, the hundreds of Poinsettias at Homewood Nursey and we will see what else comes along. Come and go with us! We only go to places where we can social distance or have timed entries, and we go on usually their slowest days. Check with Shelia to see what we are doing!

Killian and Tom on a romantic stroll in the forest

Sue's Ancestry

Sue treated us to her ancestry line that could be traced back to the Keith's clan in Scotland. She had lovely paintings of homes and where they came from, letters and all kinds of documentation along with lots of stories about her ancestors. It was a great program. Shelia is always looking for residents who have special talent or interest they would like to share with everyone. Contact her if you are interested.

Fundraising for Others

To honor our Breast Cancer Survivors during October, which is Breast Cancer Awareness Month, we held two indoor thrift store sales for residents and staff. We raised \$100 for the Susan G. Komen Fund. Since we made the donation during October, Bank of America tripled our donation to \$300. The residents were very pleased but several said they had more to clean out of their rooms. It was suggested that during one of our meetings, we decide what charity we want to sponsor and hold more sales for that cause. The neat thing about our sales was that we did not price anything. We only asked for any amount of donation from one cent on. Residents had a great time looking at our stuff even if they did not buy anything. We really want to think Billie's daughter who started this with a donation from a neighbor and all of the residents who contributed items.

Our Wonderful Chef and Cooks

What other community has such a wealth of experience with their Cooks and Chefs? In November, we had two demos — one with Chef Leroy and one with Sal. Leroy made pumpkin cookies with a caramel drizzle on the top and Sal made real Italian pizza that was out of this world. We were short on pictures because everyone was too busy eating! Residents

Sal with pizza

Leroy with cookies

really enjoy the variety we have with our demos. In December, Malik will be doing the demo. He has 15 years of experience cooking for West Point Academy. I can't wait to see what his specialty is.

Halloween Party

The residents seemed to really enjoy the Halloween Party. Several dressed up in costume and everyone was very creative. How do you pick a winner? We had everything from a dog to an angel to a witch. The food, of course, was what they wanted to see. We had mummy dogs, bat pimento cheese sandwiches, three tubs of different types of candy, chocolate and yogurt covered pretzels, haystacks, cupcakes and Halloween decorated Krispy Cream doughnuts. The residents wondered how they were going to eat supper that night after being at the Party! Several residents sneaked out a doughnut before the Party. They said they wanted to make sure they got one! Look at some of our lovely pictures of the residents. If you didn't come, you really missed out on something special.

Is this her True Nature? I think it is!

Dressed up for the occasion

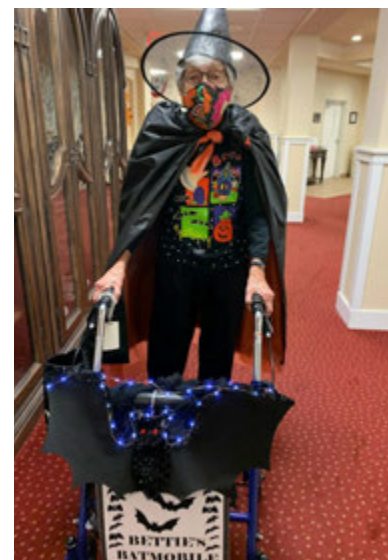

Our Glamor Girl

Do you see her ears?

Clareen looks beautiful in her coordinated outfit!

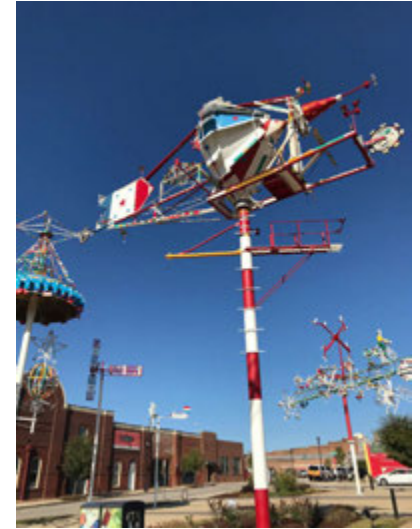

Betty with her bat mobile

What Is So Special About Seeing Whirligigs?

Well, we bet you have never seen whirligigs this big or so tall. There are 30 of his works in the park and some of them are 55 feet tall. Vollis Simpson was in the Army Corp of Engineers in WWII and then a farm machinery repairman. He never seemed to throw away any scrap metal on the farm. So one day after he retired, he built a whirligig out of wood and then he started building them out of scrap metal and put them in his pasture. He was recognized as North Carolina's Folk Artist and he even has one on display at the American Visionary Art Museum in Baltimore that is 45 feet wide and 55 feet tall. They are very colorful and awe inspiring. We hope to go back next year and see the museum the town of Wilson has built in honor of Vollis.

Crafts Past and Present

The residents made the cutest Halloween cards to send to their grandkids and friends. We will be painting a Christmas tree card or painting, making a Covid virus ornament to smash, bead jewelry and lots of other ideas. Let Shelia know if you have something special you want to do. Look for more craft classes during the holiday season, as well as cooking times to make cookies!
