WHAT WE BELIEVE

At MBK Senior Living, we believe every good act, no matter how big or small, has a ripple effect— creating an environment of respect, security, care, and compassion that makes a daily difference in the lives of those we serve. And now, this is even more important than ever, and we are here to guide our community of residents and team members through this next COVID-19 journey: the vaccine.

YOI SHIGOTO, "The Good Work." It's our pledge as a company. Simply translated from Japanese in honor of our Japanese roots, it means "good quality work." But to us, it's also about doing good in a way that it nurtures our residents, their families, our team members and our partners—all the people who can make a real contribution to society.
