A Note from the Director

I wanted to give you guys an update on the upcoming Covid-19 vaccination. There is currently no expected date for when we will receive vaccines, however we should be receiving vaccines the first part of January, hopefully. What we do know right now is that nursing homes and hospital staff are receiving vaccines right now. Since we are an assisted living community we will be next in line. 99% of the residents and 55% of our staff members have signed up for the Covid-19 vaccine.

We will let everybody know when we have a definite date for our first Covid-19 vaccination clinic.

If you have any questions, please feel free to contact me at any time .

Thank you,

Zacory Mason
