

A note to our Residents, Families, and Partners,

Vaccinations Across Seasons Living

Many communities are taking the first step in vaccinating residents and staff. A few completed and confirmed dates:

Wheatfields Senior Living and Rosewood Memory Care vaccinated earlier this week.

Sea View Senior Living is set to vaccinate residents this Sunday the 10th.

Forest Creek and The Lodge In Sisters are scheduled for Wednesday the 13th.

Across all of our communities residents and loved ones are excited. Front line staff couldn't be more thrilled to celebrate alongside the residents. These first rounds of vaccinations are a needed step forward from an almost full year of social distancing and masks.

The pandemic is far from over, but together we are beginning to take enormous strides against COVID-19. Each state manages the vaccination rollout, and we are eagerly anticipating having most of our communities learn of vaccination dates soon.

We ask that everyone continue to practice safe distancing, wear a mask, and stay home.

Sincerely,
Dan Williams | President & COO
