Resident Spotlight

Alma Blair will be here at Green Meadows two years in March of this year. Alma was diagnosed with multiple illnesses that left him with a long list of prescriptions almost three years ago. Alma chose to move into assisted living to help him manage his medications to keep himself safe and healthy. Alma comes to us from Lamonai, IA where he served as a professor of History at Graceland University for over 39 years. Alma chose to make his home at Green Meadows after hearing good reports about the staff and after seeing the nice facility. Alma also had the pleasure of being among family here as his granddaughter's husband, Nick, served as company manager during his early stay.

Alma enjoys meeting all the people here. He enjoys talking to others and getting to know them more. However, his favorite thing about being here is the staff. Those of which he described as "patient, compassionate, kind, & understanding" Recently, he has discovered his enjoyment of pool, as he can often be found in the Billiards Room in the late afternoons.
