

January 28, 2021

Dear Residents and Family,

We are happy to share some very exciting news with everyone. In accordance with the Michigan Department of Health's Order easing restrictions for indoor dining, we will be re-opening our dining rooms February 1, 2021.

This latest order, executed last Friday, allows us to re-open our dining rooms at 25% capacity following social distancing guidelines. With that being said, we will be opening our dining rooms for our evening meal. We will be implementing a reservation-based seating practice to control the number of people moving throughout the dining room. Residents will have the ability to sit two to a table if desired. To make a reservation for dinner please contact Dining Services at 248.661.0200:

Breakfast will continue to be delivered daily until further notice. Lunch will also be available as requested utilizing the reservation system. If you would like to continue to receive meals in your residence, room service or pick up will remain available.

We understand everyone's excitement with the recent vaccination clinics and re-openings. However, we would be remiss if we didn't stress the importance of remaining diligent in wearing masks while out in the community. Residents will be required to wear their masks into the dining room and should not be removed until seated.

Please don't hesitate to contact us with any questions or concerns. We look forward to seeing everyone in the dining room!

Renée Sheena
Executive Director All Seasons West Bloomfield
