

A note to our Residents, Families, and Partners,

Well on our Way

Seasons Living communities are all on the way through scheduling or completing their first vaccination dose. Many communities will finish the second dose in the next two weeks! A total of three visits are scheduled for each community to capture anyone who might miss the first or second dose. The next two dates are in the next 30-45 days. The residents are eager to finish this phase, and staff is stepping up in significant ways earning their COVID-19 stripes.

We were recently able to capture residents and staff messages for why they took the vaccination at The Lodge In Sisters, click the images below to see the full videos on YouTube!
