

MOVE-IN PROCEDURES

At MBK Senior Living, we pride ourselves on being a resource to potential new residents, team members and our professional partners, and we recognize that our valuable services are needed 365 days a year. We also understand that our communities play a vital role in supporting the continuum of care, which includes hospitals, skilled nursing facilities, home health and hospice care. Please see the following move-in guidelines during this time, and we look forward to welcoming you into the MBK family!

Independent Living & Assisted Living

New Independent/Assisted Living residents coming from **no-known** COVID-19 exposure

- Needs a negative test before moving in (as close to the move-in date as possible – max 48 hours)
- Move-in under quarantine
- Test 72 hours post-move-in
- Then once we receive a negative test, we can lift the quarantine

New Independent/Assisted Living residents coming from **known** COVID-19 exposure (i.e. hospitals/skilled nursing facilities/other senior living communities)

- Needs a negative test before moving in (as close to the move-in date as possible – max 48 hours)
- Move-in under quarantine (with expectation that it can be up to 14 days)
- Then, test again at day 10
 - Quarantine is lifted once they have negative test results and also asymptomatic after 2nd test
- Full personal protective equipment for all caregiver/close contact interactions

New Independent/Assisted Living residents **recovering from** COVID-19

- Before moving in, doctor to confirm in writing the resident is cleared from COVID quarantine
 - This includes at least 10 days since symptom onset with symptoms resolved for at least 24 hours

Please contact the Executive Director or Director of Health Services for any clarification or questions. Thank you and we look forward to welcoming you into the MBK family!
