Happy Hour w/Neil Hewitt

Wednesday, March 31st at 3:00 PM:
The Monthly Birthday Bash

A Note from the Director

With spring comes new beginnings. We have so much to look forward to and so much to be thankful for.

With Warren County covid-19 positivity rates declining, we are grateful to announce we are now able to resume inside visits with family members with the supervision of a staff member at a designated location to ensure proper PPE wear and social distancing guidelines.

We are strongly encouraging family members to continue using the visiting booth at this time. However we do understand your desire to see your loved ones face to face without a window. You will be in complete PPE during your visit and social distancing of 6ft is still required.

PPE includes your mask, a gown and gloves. You cannot kiss or hug your loved ones.

Please remember that positivity rates must remain below 10% for us to continue inside family visits and there can be no new onset of covid-19 cases within the community within the last 14 days.

Please continue contacting myself, Michele and Shannon to schedule your visits, we are scheduling one visit per day per resident with no more than two visitors at a time.

Thank you,

Zacory Mason

Community Director
