Gardening Benefits for Health & The Environment

Spring has sprung! Those who have been waiting for the gardening season to begin are ready for the last frost to end so they can dig in. When gardeners get into the soil and get to work, they are not only enjoying a fun hobby, they are also doing wonders for their health and the planet!

Dig Into Better Health

Gardening positively impacts wellness in various ways:

- It relieves stress. Gardening can lower cortisol levels that cause stress and increase blood pressure. Gardening also increases serotonin, which helps people feel happy.
- Friendly bacteria in the soil can boost immunity. It may help against asthma.
- It provides great exercise. It is low-impact and can be comfortable work with the right padding or protective gear, but it takes energy, and the weather can make it more challenging.
- It involves hand-eye coordination and sensory intake. Both of these can positively affect cognition.
- It presents opportunities for a sense of community. Socializing among friends while gardening can be so much fun.
- It encourages outside activity. For some, gardening is the best reason to head out and enjoy sunshine and the environment

(albeit with proper sun protection).

Impact the Planet

Gardening also benefits the environment, and no act is too small for making our world a better place.

- It can help with pollution. In large-scale harvesting of fruits and vegetables, pollution often results. The transport of those goods also causes pollution. It may seem like a small step, but gardening at home

or in the community influences the big picture.

- It can reduce the size of landfills. This is possible when people compost garden waste rather than sending everything to the landfill when it's gone bad.
- Plants in the garden take in CO2 and release oxygen, improving air quality.
- It helps local habitats of insects and animals which play important roles in our environment (like bees pollinating).
- Plants and mulch can hold soil in place and reduce erosion, and keep sediment out of waterways, drains, and roads.

These are just some of the benefits that gardening can bring! This Spring and Summer, give gardening a try and share the benefits with others. Let us know about your efforts!

Staff Spotlight: Gen

Gen is a Cook who has worked here for about five months now. She is from California and attended the culinary program at Lane Community College. She enjoys hiking with her dog Tokane, playing disc golf, cooking (especially BBQ), and traveling (her favorite place to visit has been Yellowstone). Gen's favorite color is purple, her favorite animal is a dolphin and her favorite holidays are Thanksgiving and Christmas. She loves Italian food and root beer. Gen is described as hard working, joyful, friendly, easy to talk to, funny and always ready to help residents and coworkers. Gen, thank you for your dedication to those you serve, the delicious food you make, and for always going the extra mile to bring a smile to those around you!

Resident Spotlight: Jeani

This month, our resident spotlight shines on Jeani! She is from Fort Worth, Texas. She worked in real estate and as a home maker. She enjoys going on long walks, listening to music (especially Jimmy Buffett and The Eagles), watching NCIS, Law & Order, & old movies, reading fiction, dancing, conversing with others, sewing, quilting, crafting, gardening, and being outside. She is described as outgoing, social, stylish, has a good sense of humor, helpful, friendly, patient, calm, encouraging, and active. Jeani, you have such a warm heart. Thank you for always being so helpful and kind. Your smile and your fun clothes (fancy pants) bring joy to those around you!
