

Dear Friends of The Terraces,

I would like to share with you one of the enhanced services offered at our community. Our Respite Program offers residence and assistance with activities of daily living for a period of 30 days or less. A respite stay may be used for various reasons; when a primary caregiver needs a vacation, to experience the comfort of living at The Terraces before committing to a month-to-month lease or if a loved one is recovering from an injury, illness or surgery. A respite at the Terraces offers a warm and caring environment for a short-term stay, with specially trained staff on duty 24/7. Services offered through the Respite Program include:

- Three meals a day
- Activities and entertainment
- All utilities except phone
- Exercise classes
- Escorting
- Assistance with activities of daily living (please call for details)
- Medication management
- Housekeeping
- Emergency call system
- 24 hour care staff
- Transportation to physicians' appointments
- And much more!

Our primary goal is to maintain the highest quality of care and service for our residents. Therefore, we develop individual service plans to fit the specific needs of each resident. It would be my pleasure to give you a tour of our beautiful community. While you are here, we invite you, as our guest, to share the dining experience with our Residents.

I look forward to visiting with you. Please call me at 626-808-4643

Sincerely ,

Sam Baum

Community Relations Director
