Visiting Policy

Indoor Visiting Policy

Effective immediately, resident visits may be permitted under these guidelines, subject to change due to local COVID percentages:

With the change in weather, we are entering a new phase of our protocol that will allow for indoor visits of loved ones. In an effort to continue to make Garnett Place a safe space for all residents and employees, testing for COVID or proof of vaccination will be utilized before apartment visits. This is only available if the COVID percentage for the county is below 10%.

Visits must be scheduled and occur in a designated area or in residents' apartment. Please allow for disinfection between visits and ensure each resident has equal opportunity to meet with loved ones.

As a reminder, despite our best efforts, visits may need to be suspended or delayed based on the county positivity rate and any active cases of COVID-19 within the Community. Whether you choose to test or not, personal protective equipment is still mandatory during a visit and a pre-visit symptom screen and questionnaire will be conducted.

Garnett Place appreciates your understanding as we continue to navigate the best courses of action during this pandemic. Please do not hesitate to reach out to us with any questions and we look forward to many happy reunions in the weeks and months to come.

Monday - Friday: 9am - 4pm

Saturday & Sunday: 10:30am - 1pm

Please note that weekend times will fill up quickly. If you are interested in visiting on the weekends please schedule early.

It is our goal to provide you much needed time with your loved ones while keeping everyone safe and healthy.

If any of the above policies are violated we reserve the right to end the visit early. We also reserve the right to change or cancel visits as we track COVID trends in our area.

Welcome to June

With the new COVID-19 precautions put in place by the CDC, we are not requiring vaccinated residents within Garnett Place community to wear masks to dining areas, common areas, or to activities any longer. With this being said, visitors will still be required to wear masks when in the common areas of the community. All staff will also still be required to wear masks at all times.

It is exciting to hear the news regarding changes to the COVID-19 precautions being put in place by the CDC.

Thank you all for your patience with us and willingness to follow our guidelines that we have set forth to keep our Garnett Place family safe and healthy!

Welcoming the Sunshine

Hello Garnett Place Family!
I am so excited that June has arrived, this is my favorite month of the year!
We had a busy May, welcoming several of new residents to our community. You'll continue to see some new faces this month, so make sure you take a moment to introduce yourself.

I am still looking for residents and family members who would like to give a testimonial of their experience with our beautiful community. Nothing speaks more highly to prospective residents than hearing great things about Garnett Place directly from you!

We are in the process of filming a new commercial for KCRG. If you are interested in being featured, please come see me!

Here's to another month of joy and sunshine!

Air Conditioner Working?

Welcome to June! We are looking forward to the more consistent warm weather and sunny skies. This is perfect time to open the windows and let fresh air in. If your air conditioner is not working properly, please let me know so I can get them repaired before the heat comes. I hope everyone has a great start to the summer!

Welcome to June everyone! We have many fun and exciting activities on the calendar for the month ahead, including the opportunity to have entertainment back into the Garnett Place community with social distancing and masking precautions in place. Activities

Father's Day

We recognize many families will want to be recognizing and visiting their loved ones during this time. We want to make sure we practice safe social distancing and want to allow all residents to have time with their families.

If you have questions, please call us at: 319-362-3630

Keeping in Touch
