

Cost Comparison The Affordable Choice

The cost of in-home care has risen dramatically in recent years. Assisted living at Americare often proves to be the affordable alternative. Take a moment and use this chart to total your current expenses and compare for yourself.

We're here to help you feel right at home with your decision.

How Much Can I Earn From the Sale of My Home?

Example: If you sell your home for \$341,600 (the national median sales prices for existing homes in April 2021) and invest the full amount at 6%, you would earn \$1,708 each month in just the first year! You could use those earnings towards your monthly rent for a new home within our Community and still keep your original \$341,600 from the sale of your home for your estate.
