Out of School Resources

ABCmouse.com Early Learning Academy is a curriculum for preschool through second grade. Adventure Academy is an online game, serving elementary and middle-school aged children with thousands of learning activities in a fun and safe virtual world. Reading IQ is a digital library and literacy platform for children 12 and under designed to improve literacy skills. A free month trial is available now

<http://geoalliance.asu.edu/maps>: The purpose of the Arizona Geographic Alliance is to strengthen geography education. They have a nice collection of maps for all grade levels including maps of the world, various countries and maps with historical themes.

Booksbythebushel.com (PK-1) Books by the Bushel offers FREE literacy activities for young students. They are very simple, but many would need to be printed at home

Biologyinmotion.com: Original and entertaining biology animations and interactive activities, available for free.

Brainpop.com: Engaging learning games, animated movies, and activities. Designed with relevance, depth, and humor to encourage kids on their unique learning paths. (science, social studies, English, math, arts & music, health & SEL, engineering & tech)

Civiced.org : The Center offers effective programs in civic education. The main curricular programs of the Center are: We the People: The Citizen and the Constitution, which is used from upper elementary through middle and high school levels. They have free lesson plans and resources for students and teachers.

<https://www.storylineonline.net/> "Storyline Online, streams videos featuring celebrated actors reading children's books alongside creatively produced illustrations. Readers include Viola Davis, Chris Pine, Lily Tomlin, Kevin Costner, Annette Bening, James Earl Jones, Betty White and dozens more."

Chem4Kids: The site provides explanations, activities and other resources to aid students (and everyone) who wants to understand matter, atoms, elements, the periodic table, reactions, biochemistry and more.

DIY Science: Sponsored by the Adventure Science Center, this website, "offer[s] DIY Science lessons and experiments the whole family can enjoy! Each lesson provides instruction, a materials list, and ideas for activities to get hands-on with science, including sample questions to get those gears turning. Check back for more lessons!"

<https://www.dreambox.com/at-home> Dreambox has three different age-appropriate learning environments for mathematics: K - 2, 3 - 5 and 6 - 8. Though there is usually a monthly fee, they are currently giving 90-day free trials to the online learning platform, which is adaptive/individualized to the learner.

funbrain.com: An educational browser game website for children in grades K-8. Includes topics like math, grammar, science, spelling and history.

khanacademy.org a nonprofit with the mission to provide a free education for anyone, anywhere. Along with offering free resources for parents, students and teachers, Kahn is hosting daily (weekdays) 11 a.m. CST live streams on Facebook, YouTube and Twitter for students, parents, and teachers navigating school closures. _

Limitless Libraries: E-book and audiobooks are available.

National Park Tours: 33 National Park Tours you can take from your couch.

pbslearningmedia.org PBS and your local station have curated FREE, standards-aligned videos, interactives, lesson plans, and more. You must create an account to use the service.

Doodles-Academy.org : A free art curriculum that is available virtually. It provides art projects that offer authentic art experiences for students — every student makes their own artistic decisions and walks away from the project with artwork unique to them. Each project includes video tutorials and thorough lesson plans so that anyone can feel comfortable teaching art, regardless of their background or experience level. More, the art projects are aligned to topics and themes found in literacy, math, social studies, and science

Frist Kids: Provided by the Frist Art Museum this site is perfect for students interested in knowing more about art. They have several videos, and each video has an art project you can make at home.

<https://www.youtube.com/user/kookookangaroo> Stay active and get exercise with you children by dancing and singing along with funny, made-up songs.
