

Woman Meets Her Birth Mother after 50 Years, Learns She's An Actress From Her Favorite Show

When Lisa Wright sat down to watch *That's My Mama* every week as a child, she never could have imagined how accurate the title would prove to be.

As an adopted child, Lisa never sought out her biological family. Once she had a child of her own, however, she began investigating.

"My (adoptive) mom told me, 'Your mommy loved you, but she was really young, and she knew she couldn't take care of you. I wanted a baby so bad, and that's why your mom let me take care of you. You weren't abandoned. This was just the best thing for you,'" Lisa said in

an interview with the *Today* show.

Following a DNA test, Lisa was quickly put into touch with members of her biological family – and before long, her biological mother.

"A voice on the other end (of the phone) says, 'Is this my daughter?' And then I just went, 'Oh, my God, is this my mother?'" Lisa said. "And then she goes, 'Yes, sweetie, this is your mom.' It was just the most indescribable feeling."

Lisa would quickly learn that her mother is none other than Lynee Moody – an actress from one of Lisa's favorite shows from childhood.

"I grew up watching my mother on TV and didn't even know it," Wright said. "*That's My Mama* — that was

our must-see TV. We all sat down and watched *That's My Mama* every week, and who knew? No idea.... And that's my mama!"

Executive Director Corner

Happy July, everyone! I hope that you're enjoying cooling down from the heat and the easing of restrictions, because summer is officially in full swing – and we have a lot to celebrate.

Our "Traditions Around The World" Theme Year continues this month with our latest Theme Week – **France**. Taking place from July 12th – July 15th, this theme week will see our campus filled with blue, white, and red colors as we celebrate the sights, sounds, and smells of France from the comfort of home.

Be sure to ask to our Life Enrichment Director about all

of the incredible activities we have planned! *C'est l'heure de faire la fête (it's party time!)*.

As we begin celebrating our independence from COVID-19, we're also excited to be kicking off our **Independence from Hunger** food drive. Over the course of the past 5 years, we have been able to raise more than 7.3 million pounds of food to support local food banks across the Midwest. Talk to a team member today to learn about how you can participate!

Have a great month,

Pamela Cole

Executive Director

LIFELONG LEARNING

The life cycle of a butterfly is one of the most amazing processes in the animal kingdom. The Silver Oaks caterpillars were hungry, grew quickly, and then turned into chrysalises. Residents and team member alike watched in awe as we moved them into their new enclosure. The weeks went by and the amazing transformation of chrysalis to butterfly occurred! What a joy! We cared for and fed our butterflies sweet nectar and fruit until they were ready to be released! Release day was such a bitter sweet moment! We can't wait to try our hand at raising more wildlife.
