

# Resident Engagement Idea of the Week

## **This Week's Idea:** "For the Love of the Old Houses"

Staff at Ridges Care Center have been using the Facebook group "For the Love of the Old Houses" to reminisce with their residents. The page features pictures of unique and charming, mostly pre 1960s homes. Activities use an iPad connected to a rolling TV to project the pictures. Looking at the older homes then sparks conversations about childhood homes, growing up, creative ideas for decorating a house, and more.

**Community:** Ridges Care Center

## **How It's Going:**

Residents at Ridges have loved taking part of this activity and recalling old fond memories!
